FOOD & BEVERAGE

About SBS Philippines Corporation

SBS Philippines Corporation is one of the leading chemical trader-distributor in the Philippines supplying a diverse customer base of more than 1,800 customers nationwide with 91 chemical products sourced from more than 500 suppliers.

The Company was recently admitted on the Main Board of the Philippines Stock Exchange with its shares traded under the ticker symbol "SBS".

Our Business

The Company offers a comprehensive selection of chemical products to service the following industries: food ingredients, industrial, agribusiness, feeds and veterinary care, pharmaceutical, personal care and cosmetics.

It also provides value-added service to its customers by providing logistics management in sourcing, procuring, warehousing and transporting the chemical products and materials. It competes on the basis of price, product diversity, supply availability, product reliability and market compatibility.

The Company provides a one-stop-shop business solution that allows for choice and convenience to its customers. The Company engages in multiple sourcing from different chemical producers and sells a diverse and broad range of chemical products and ingredients.

Its highly diversified portfolio of products allows the Company to bundle and combine multiple orders of different products in smaller volumes, providing for a convenient stable source and "one-stop shop" single partner for the various chemical needs of its market customers. Clients are offered a full line of chemical and ingredient products on stock for which they can order in great variety and programmed for dispatch and delivery in accordance with their requirements.

The Company was incorporated on 17 July 2001 and was formerly known as Sytengco Philippines Corporation. The Company's principal place of business is at No. 10 Rest Haven Street, San Francisco Del Monte, Quezon City, Philippines.

Currently, the Company maintains a network of 15 distribution warehouses in five (5) sites in the Greater Manila Area and province of Bulacan. These storage facilities have a combined floor area of approximately 46,000 square meters and a storage capacity of over 18,000 metric tons. Such warehousing and distribution capabilities provide for opportunities for collaborations in supply chain optimization with its business partners.

We Understand Your Needs

Constant interaction with nutritionists, specialists, and regulatory bodies allows SBS Philippines Corporation to be at the forefront of the industry delivering the benefits to you, our customers. Our quality assurance team is now tracking the ever-changing and challenging nutritional and allergen information management requirements. In addition, the warehouse operations adhere to good warehousing practices in its pursuit of its mission and goals in its product and service delivery to stakeholders, especially its customers.

SBS also operates a Halal certified warehouse to store certain raw materials for its customers in the food industry.

Extensive Range of Quality Products

We pride ourselves on our extensive and ever-expanding range which includes sweeteners, stabilizers, emulsifiers, minerals, antioxidants, phosphates, vitamins, hydrocolloids, basic and functional ingredients, acidulants and preservatives.

SBS Philippines Corporation provides a one-stop-shop business solution that allows for choice and convenience to its customers.

FOOD & BEVERAGE PRODUCT LINES

ANTIOXIDANTS

Ascorbic Acid
Ascorbyl Palmitate
Butyl Hydroxyanisole (BHA)
Butyl Hydroxytoluene (BHT)
Calcium Ascorbate
Erythorbic Acid
Sodium Ascorbate
Sodium Erythorbate
tert-Butylhydroquinone (TBHQ)

PROTEINS & FIBRES

Inulin
Pea Fibre
Pea Protein
Soy Protein Concentrate
Soy Protein Isolate

LEAVENING AGENTS

Ammonium Bicarbonate
Glucono-d-Lactone
Monocalcium Phosphate
Potassium Bitartrate (Cream of Tartar)
Potassium Bicarbonate
Potassium Carbonate
Sodium Acid Pyrophosphate (SAPP)
Sodium Aluminium Phosphate (SALP)
Sodium Bicarbonate
Sodium Carbonate (Soda Ash)

ACIDITY REGULATOR

Acetic Acid
Adipic Acid
Calcium Citrate
Calcium Gluconate
Calcium Hydroxide
Calcium Lactate
Calcium Oxide
Citric Acid mono / anhydrous
Cream of Tartar
Fumaric Acid
Gluconic Acid
Glucono-d-Lactone
Lactic Acid
Magnesium Carbonate
Malic Acid
Phosphoric Acid
Potassium Acetate
Potassium Carbonate

Potassium Citrate
Potassium Fumarate
Sodium Acetate
Sodium Bicarbonate
Sodium Carbonate (Soda Ash)
Sodium Citrate
Sodium Fumarate
Sodium Lactate
Tartaric Acid

SWEETENERS

Acesulfame Potassium
Aspartame
Maltodextrine
Dextrose mono / anhydrous
Erythritol
Fructose
Glucose Syrup
Maltitol
Maltodextrin
Mannitol
Neotame
Sodium Saccharin
Sodium Cyclamate
Sorbitol
Sucralose

THICKENERS, STABILISERS & GUMS

Acacia Gum
Agar
Arabic Gum

Calcium Alginate
Carboxymethyl cellulose
Carrageenan
Corn Starch
Gelatine
Guar Gum
Locust Bean Gum
Microcrystalline Cellulose
Pea Starch
Polydextrose
Potato Starch (Native & Modified)
Rice Flour
Sodium Alginate
Tannic Acid
Tapioca Starch
Tragacanth Gum
Xanthan Gum

VITAMINS

Alpha Linolenic Acid (Omega 3)
Ascorbic Acid
Beta Carotene
Biotin - known as Vitamin H
Calcium Ascorbate
Calcium D-Panthenate
Calcium Panthothenate
Cholecalciferol (d3)
Choline Chloride (B4)
Cyanocobalamin (B12)
d Alpha Tocopheryl Acetate (natural)
dl Alpha Tocopheryl Acetate
Folic Acid
Linoleic Acid (Omega 6)
Menadione (K3)
Niacinamide (B3)
Nicotinic Acid (B3) aka Niacinamide
Panthenol (B5)
Phytomenadione (K1)
Pyridoxine Hydrochloride (B6)
Vitamin A Acetate
Vitamin A Palmitate
Riboflavin (B2)
Riboflavin 5 Phosphate
Sodium Ascorbate
Thiamine Hydrochloride (B1)
Thiamine Mononitrate (B1)

AMINO ACIDS

Alanine
Arginine
Aspartic Acid
Carnitine
Carnosine
Cysteine

Cysteine Hydrochloride
Cystine
Glutamic Acid
Glutamine
Glycine
Histidine
Isoleucine
Leucine
Lysine
Methionine
Phenylalanine
Proline
Serine
Taurine
Theanine
Threonine
Tryptophan
Tyrosine
Valine

MINERAL SALTS

Calcium Carbonate
Calcium Chloride
Calcium Hydroxide
Calcium Sulphate
Magnesium Carbonate
Magnesium Chloride
Potassium Chloride
Potassium Gluconate
Sodium Chloride

FLAVOR ENHANCER

MSG
I+G
Malic Acid
Vanillin
Ethyl Vanillin
Sodium Diacetate

SBS ENGAGES IN
MULTIPLE SOURCING FROM
DIFFERENT CHEMICAL PRODUCERS AND
SELLS A DIVERSE AND BROAD RANGE OF
CHEMICAL PRODUCTS AND INGREDIENTS.

PRESERVATIVES

Benzoic Acid
Calcium propionate
Potassium Benzoate
Potassium Sorbate
Sodium Benzoate
Sodium Metabisulphite
Sodium Nitrite
Sodium Propionate
Sorbic Acid

PHOSPHATES

Diammonium Phosphate (DAP)
Dicalcium Phosphate (DCP)
Dipotassium Phosphate (DKP)
Disodium Phosphate (DSP)
Magnesium Phosphates
Monoammonium Phosphate (MAP)
Monocalcium Phosphate (MCP)
Monopotassium Phosphate (MKP)
Monosodium Phosphate (MSP)
Potassium Tripolyphosphate (KTPP)

Sodium Acid Pyrophosphate (SAPP)
Sodium Aluminium Phosphate (SALP)
Sodium Hexametaphosphate (SHMP)
Sodium Tripolyphosphate (STPP)
Tetrapotassium Pyrophosphate (TKPP)
Tetrasodium Pyrophosphate (TSPP)
Tricalcium Phosphates (TCP)
Tripotassium Phosphate (TKP)
Trisodium Phosphate (TSP)

HUMECTANTS

Glycerine
Maltitol
Mannitol
Polydextrose
Propylene Glycol
Sorbitol
Triacetin 1
Xylitol

ESSENTIAL & VEGETABLE OILS

Citronella
Cocoa Butter
Cocoa Butter Substitute
Coconut Oil
Palm Oil

HERB & SPICE EXTRACTS

Spearmint
Vanilla

NATURAL COLOURS

Caramel

EMULSIFIER

Choline Chloride
Polysorbate 60
Polysorbate 65
Polysorbate 80
Sorbitan Monosterarate
Soya Lecithin

**AT SBS PHILIPPINES
CLIENTS ARE OFFERED
A FULL LINE OF CHEMICAL
AND INGREDIENT PRODUCTS
ON STOCK FOR WHICH THEY CAN
ORDER IN GREAT VARIETY AND
PROGRAMMED FOR DISPATCH AND
DELIVERY IN ACCORDANCE WITH THEIR
REQUIREMENTS.**

SERVICE TO ITS CUSTOMERS
BY PROVIDING LOGISTICS
MANAGEMENT IN
SOURCING, PROCURING,
WAREHOUSING AND
TRANSPORTING THE
CHEMICAL PRODUCTS
AND MATERIALS.**

DAIRY PRODUCTS

Butter Milk Powder
Calcium Caseinate Colostrum
Full Cream Milk Powder
Lactic Casein
Lactose
Rennet Casein
Skim Milk Powder
Sodium Caseinate
Whey Powder
Whey Protein

PROCESSING AID

Activated Carbon
Active Dry Yeast
Ascorbic Acid
Bentonite
Calcium Bentonite
Calcium Carbonate
Calcium Chloride
Calcium Sulphate
Citric Acid
Colloidal Silica
Diammonium Phosphate
Diatomaceous Earth
Dextrose
Enzymes
Gelatin
Isinglass
Metatartaric Acid
Polyvinyl Polypyrrolidone (PVPP)
Potassium Bitartrate (Cream of Tartar)
Potassium Metabisulphite
Silicon Dioxide
Sodium Bentonite
Tartaric Acid

CLEANING / SANITATION

Calcium Chloride
Caustic Soda
Citric Acid
EDTA 385
Hydrochloric Acid
Hydrogen Peroxide
Nitric Acid
Peracetic Acid
Phosphoric Acid
Potassium Hydroxide (Caustic Potash)
Sodium Hydroxide (Caustic Soda)
Sodium Metabisulphite

MISCELLANEOUS

Beeswax
Carnauba Wax
Microcrystalline Wax
Mineral Oil
Potato Flakes
Stearic Acid

PRODUCT LINES

SBS PHILIPPINES CORPORATION supplies more than 3,000 different chemicals and ingredients to clients throughout the Philippines.

Our range is sourced from quality raw material manufacturers worldwide and supplied to clients in different industries.

We know and understand the complexities of your market and act to ensure you receive the best products to allow your business to thrive. The range of services includes bulk commodity chemicals, where our efficient logistics network and broad sourcing ability make the difference to specialty ingredients, where innovation and knowledge are essential.

Clients have the choice of solid, liquid, and gaseous forms and a broad range of secure packaging and tailored transportation options designed to maximize efficiency, product integrity, and safety. From small sachets to bags, bulk bags, bulk powder to carboys, drums, IBC's/ Totes to liquid bulk tankers, SBS Philippines Corporation offers the flexibility and convenience that your business demands.

Food Ingredients

SBS Philippines Corporation continues to add value to the Agribusiness, Feeds and Veterinary Care sectors by offering an extensive range of raw materials for formulators and manufacturers. We continually seek new sources of materials to improve the quality of our customers' products and lower their costs.

Pharmaceutical

Our careful selection of quality products from all corners of the globe allow our stakeholders

in the Pharmaceutical and Nutraceutical sectors the freedom to tailor their products and take advantage of innovative technologies and trends.

Personal Care and Cosmetics

Our careful selection of quality products developed through new technologies from all the corners of the globe allow formulators in the Personal Care and Cosmetics sectors to tailor their products according to the needs of their clients.

Home Care & Detergents

Our detergent customers use our quality materials to manufacture products for Industrial, Institutional, and Consumer markets.

Water & Wastewater Treatment

For the safest and cleanest water, we supply quality water treatment chemicals such as:

- Flocculants
- pH adjusters
- Filter media
- Scale inhibitors
- Fluoridation additives
- Organophosphates and biocides
- Ion Exchange Resins

Agriculture & Sustainable Bio-Farming

SBS Philippines Corporation continues to add value to the supply chain with critical relationships with the Crop Nutrition, Horticulture, and Protection sectors. Our product range includes:

- Raw materials and Trace Elements
- Improvers for broad acre and drip delivery
- Growth mediums for Horticulture and Potting soils.

- Herbicides, fungicides and other foliar applications.

Building & Construction

SBS Philippines Corporation products are utilized in the manufacture and treatment of: Asphalt, Bricks, Concrete, Insulation, Timber, Fiberglass and more.

Animal Health & Nutrition

Our wide range of products plays a vital role in the stock feed, aquaculture, pet food, and veterinary health markets. We provide;

- Amino acids and proteins
- Feed improvers, enzymes and preservatives
- Vitamins, trace elements and minerals

Industrial

Industrial chemicals are widely applied in a variety of sectors, and there is no question that these chemicals are essential to industrial production and considerably improve our quality of life. SBS Philippines Corporation has a long history of delivering high-quality raw materials all areas of the industry.

Tanning & Textiles

Our experienced personnel makes SBS Philippines Corporation a market leader in sourcing and distributing commodity chemicals to the tanneries and textile plants of the region.

Surface Coatings

An integral supplier of raw materials used in the Surface Coating industry, including:

- Fillers
- Pigments
- Solvents
- Oxides
- Amines
- Acids
- Glycols and resins

Mining, Oil & Gas

SBS Philippines Corporation has long been a key partner of the mining industry, with experience catering to the needs of gold, silver, tin, nickel, zinc, copper, coal, lead, vanadium, uranium, rare earth and oil & gas miners and processors.

Metallurgy

SBS Philippines Corporation is active in the Steel, Galvanising, Refractory and Electroplating Industries.

Plastic, Rubber & Foam

Through our trusted partners in the plastics and rubber industry, we deliver real value and a fresh approach to meeting our customer's needs in a dynamic market. Our principals are leaders in their respective products, allowing us to deliver the broadest range of quality materials at a price that will enable you to thrive.
