

WATER & WASTEWATER TREATMENT

SBS PHILIPPINES
CORPORATION

YOUR STRATEGIC CHEMICAL SUPPLY PARTNER

WATER & WASTEWATER TREATMENT

About SBS Philippines Corporation

SBS Philippines Corporation is one of the leading chemical trader-distributor in the Philippines supplying a diverse customer base of more than 1,800 customers nationwide with 91 chemical products sourced from more than 500 suppliers.

The Company was recently admitted on the Main Board of the Philippines Stock Exchange with its shares traded under the ticker symbol "SBS".

Our Business

The Company offers a comprehensive selection of chemical products to service the following industries: food ingredients, industrial, agribusiness, feeds and veterinary care, pharmaceutical, personal care and cosmetics.

It also provides value-added service to its customers by providing logistics management in sourcing, procuring, warehousing and transporting the chemical products and materials. It competes on the basis of price, product diversity, supply availability, product reliability and market compatibility.

The Company provides a one-stop-shop business solution that allows for choice and convenience to its customers. The Company engages in multiple sourcing from different chemical producers and sells a diverse and broad range of chemical products and ingredients.

Its highly diversified portfolio of products allows the Company to bundle and combine multiple orders of different products in smaller volumes, providing for a convenient stable source and "one-stop shop" single partner for the various chemical needs of its market customers. Clients are offered a full line of chemical and ingredient products on stock for which they can order in great variety and programmed for dispatch and delivery in accordance with their requirements.

The Company was incorporated on 17 July 2001 and was formerly known as Sytengco Philippines Corporation. The Company's principal place of business is at No. 10 Rest Haven Street, San Francisco Del Monte, Quezon City, Philippines.

Currently, the Company maintains a network of 15 distribution warehouses in five (5) sites in the Greater Manila Area and province of Bulacan. These storage facilities have a combined floor area of approximately 46,000 square meters and a storage capacity of over 18,000 metric tons. Such warehousing and distribution capabilities provide for opportunities for collaborations in supply chain optimization with its business partners.

We Understand Your Needs

SBS Philippines Corporation has a proud tradition of supplying quality water treatment products to all areas of the industry. We know that innovation, safety, efficiency and dependability is paramount in the treatment of one of the world's most precious resources, water.

Extensive Range of Quality Products

Our wide range encompasses items for use in all aspects of water treatment from pH adjusters for potable drinking water, specialty biocides for cooling towers, Ion Exchange for power stations to great value pool chemicals.

SBS Philippines Corporation provides a one-stop-shop business solution that allows for choice and convenience to its customers.

WATER & WASTEWATER TREATMENT PRODUCT LINES

SALT

Swimming Pool Salt
Fine Salt
Coarse Salt
Pure Vacuum Dried
Water Softening Salt

POOL CHLORINATION AND BROMINATION

Calcium Hypochlorite Granular
Sodium Hypochlorite
Sodium Bromide
Chlorine Dioxide (TwinOxide)

WATER SOFTENERS

Ion Exchange Resins
Water Softener Salt
Zeolite

WATER HARDENERS

Calcium Chloride

PH ADJUSTERS

Soda Ash Dense (Sodium Carbonate)
Caustic Soda Pearl / Flakes
Caustic Soda Liquid
Sodium Bicarbonate
Hydrated Lime
Sodium Bisulphate (Dry Acid)
Sulphuric Acid

UV STABILISER

Cyanuric Acid

FLOCCULANTS AND COAGULANTS

Aluminium Sulphate Granular
Aluminium Sulphate Powder
Aluminium Sulphate Liquid
Aluminium Chlorohydrate
Ferric Chloride
Ferric Chloride Granular
Ferrous Sulphate Monohydrate
Ferrous Sulphate Heptahydrate
Poly Aluminium Chloride Powder
Poly Aluminium Chloride Liquid
Poly Dadmec Ferrous Chloride

FILTER MEDIA

Activated Carbon Powdered
Activated Carbon Granular
Diatomaceous Earth (Filter Aid)
Perlite
Zeolite

MANGANESE REMOVER

Potassium Permanganate

DECHLORINATION

Activated Carbon
Sodium Bisulphite
Sodium Metabisulphite
Sodium Thiosulphate
Ascorbic Acid
Sodium Ascorbate
Calcium Thiosulphate

BORE ANTI-FOULING AGENTS

Glycolic Acid
Formic Acid
Oxalic Acid
Sulphamic Acid

ANTI-FOAMS

Silicon Based Defoamers
Non-Silicon Based Defoamers

ODOUR CONTROL

Hydrogen Peroxide
Magnesium Hydroxide
Sodium Percarbonate
Activated Carbon
Sodium Perborate

BOILER TREATMENTS

Sodium Hexametaphosphate
EDTA Tetrasodium Salt
EDTA Disodium Salt
EDTA Acid
Hydrochloric Acid
Morpholine
Citric Acid Solid
Citric Acid Solution
Aqueous Ammonia
Phosphoric Acid
Acetic Acid

OXYGEN

SCAVENGERS

Ascorbic Acid
Hydrazine Hydrate
Sodium Ascorbate
Sodium Erythorbate
Sodium Sulphite
Sodium Metabisulphite

CORROSION INHIBITORS

Hydroxy Phosphono Acetic Acid
Tolytriazole
Tolytriazole Liquid
Benzotriazole
Sodium Nitrite (Nitrate of Soda)
Sodium Molybdate
Zinc Chloride
Zinc Sulphate

ORGANOPHOSPHONATE

SEQUESTERING AGENTS

Phosphonates ATMP
Phosphonates Na5 ATMP
Phosphonates HEDP
Phosphonates Na4 HEDP
Phosphonates PBTC
Phosphonates DTPMPA
Phosphonates DTPMPA
Sodium Salt

BIOCIDES, SLIMACIDES, ALGAECIDES AND BACTERICIDES

Copper Sulphate
Peracetic Acid
Hydrogen Peroxide
Formaldehyde
Glutaraldehyde
Calcium Hypochlorite Granular
Quaternary Ammonium Compounds (Quats)

POLYMERIC DISPERSANTS - COPOLYMERS

Acrylate Copolymer Acid
Acrylate Copolymer Na Salt
Acrylate Copolymer Na Salt
Sodium Carboxy Sulphonate
Copolymer Na Salt
Acrylic Copolymer Na Salt
Acrylic Copolymer Acid
Maleic Acid Copolymer
Nonionic Polymer Maxiflox
Cationic Polymer

ACTIVATED CARBON

Powdered Activated Carbon
Granulated Activated Carbon
Coconut Activated Carbon
Coal Activated Carbon

ION EXCHANGE

RESINS

Anion
Cation
Mixed Bed

**SBS ENGAGES IN
MULTIPLE SOURCING FROM
DIFFERENT CHEMICAL PRODUCERS AND
SELLS A DIVERSE AND BROAD RANGE OF
CHEMICAL PRODUCTS AND INGREDIENTS.**

MISCELLANEOUS

Acetic Acid
Ammonium Chloride
Caustic Potash
Calcium Nitrite
Iodine
Lanthanum Chloride
Magnesium Sulphate
Magnesium Chloride
Magnesium Oxide
Monoethanolamine
Monoethylene Glycol
Nitric Acid
Potassium Chloride
Propylene Glycol
Sodium Acid Pyrophosphate
Sodium Benzoate
Sodium Perborate
Sodium Thiosulphate
Sodium Sulphate
Sodium Sulfide
Sodium Tripolyphosphate (STPP)
Tartaric Acid
Triethanolamine
Urea
Amonia Water
Ammonium Bifluoride
Dicalite Powder
Hydrazine Hydrate
Phosphoric Acid
Sodium Gluconate
Sodium Lauryl Sulfate - Powder / Needle
Trisodium Phosphate

SBS PROVIDES VALUE-ADDED SERVICE TO ITS CUSTOMERS BY PROVIDING LOGISTICS MANAGEMENT IN SOURCING, PROCURING, WAREHOUSING AND TRANSPORTING THE CHEMICAL PRODUCTS AND MATERIALS.

AT SBS PHILIPPINES
CLIENTS ARE OFFERED
A FULL LINE OF CHEMICAL
AND INGREDIENT PRODUCTS
ON STOCK FOR WHICH THEY CAN
ORDER IN GREAT VARIETY AND
PROGRAMMED FOR DISPATCH AND
DELIVERY IN ACCORDANCE WITH THEIR
REQUIREMENTS.

PRODUCT LINES

SBS PHILIPPINES CORPORATION supplies more than 3,000 different chemicals and ingredients to clients throughout the Philippines.

Our range is sourced from quality raw material manufacturers worldwide and supplied to clients in different industries.

We know and understand the complexities of your market and act to ensure you receive the best products to allow your business to thrive. The range of services includes bulk commodity chemicals, where our efficient logistics network and broad sourcing ability make the difference to specialty ingredients, where innovation and knowledge are essential.

Clients have the choice of solid, liquid, and gaseous forms and a broad range of secure packaging and tailored transportation options designed to maximize efficiency, product integrity, and safety. From small sachets to bags, bulk bags, bulk powder to carboys, drums, IBC's/ Totes to liquid bulk tankers, SBS Philippines Corporation offers the flexibility and convenience that your business demands.

Food Ingredients

SBS Philippines Corporation continues to add value to the Agribusiness, Feeds and Veterinary Care sectors by offering an extensive range of raw materials for formulators and manufacturers. We continually seek new sources of materials to improve the quality of our customers' products and lower their costs.

Pharmaceutical

Our careful selection of quality products from all corners of the globe allow our stakeholders

in the Pharmaceutical and Nutraceutical sectors the freedom to tailor their products and take advantage of innovative technologies and trends.

Personal Care and Cosmetics

Our careful selection of quality products developed through new technologies from all the corners of the globe allow formulators in the Personal Care and Cosmetics sectors to tailor their products according to the needs of their clients.

Home Care & Detergents

Our detergent customers use our quality materials to manufacture products for Industrial, Institutional, and Consumer markets.

Water & Wastewater Treatment

For the safest and cleanest water, we supply quality water treatment chemicals such as:

- Flocculants
- pH adjusters
- Filter media
- Scale inhibitors
- Fluoridation additives
- Organophosphates and biocides
- Ion Exchange Resins

Agriculture & Sustainable Bio-Farming

SBS Philippines Corporation continues to add value to the supply chain with critical relationships with the Crop Nutrition, Horticulture, and Protection sectors. Our product range includes:

- Raw materials and Trace Elements
- Improvers for broad acre and drip delivery
- Growth mediums for Horticulture and Potting soils.

- Herbicides, fungicides and other foliar applications.

Building & Construction

SBS Philippines Corporation products are utilized in the manufacture and treatment of: Asphalt, Bricks, Concrete, Insulation, Timber, Fiberglass and more.

Animal Health & Nutrition

Our wide range of products plays a vital role in the stock feed, aquaculture, pet food, and veterinary health markets. We provide;

- Amino acids and proteins
- Feed improvers, enzymes and preservatives
- Vitamins, trace elements and minerals

Industrial

Industrial chemicals are widely applied in a variety of sectors, and there is no question that these chemicals are essential to industrial production and considerably improve our quality of life. SBS Philippines Corporation has a long history of delivering high-quality raw materials all areas of the industry.

Tanning & Textiles

Our experienced personnel makes SBS Philippines Corporation a market leader in sourcing and distributing commodity chemicals to the tanneries and textile plants of the region.

Surface Coatings

An integral supplier of raw materials used in the Surface Coating industry, including:

- Fillers
- Pigments
- Solvents
- Oxides
- Amines
- Acids
- Glycols and resins

Mining, Oil & Gas

SBS Philippines Corporation has long been a key partner of the mining industry, with experience catering to the needs of gold, silver, tin, nickel, zinc, copper, coal, lead, vanadium, uranium, rare earth and oil & gas miners and processors.

Metallurgy

SBS Philippines Corporation is active in the Steel, Galvanising, Refractory and Electroplating Industries.

Plastic, Rubber & Foam

Through our trusted partners in the plastics and rubber industry, we deliver real value and a fresh approach to meeting our customer's needs in a dynamic market. Our principals are leaders in their respective products, allowing us to deliver the broadest range of quality materials at a price that will enable you to thrive.
